

BIOGRAPHY

George Weaver,
President,
Victoria Weaver Management Group, Inc.

George Weaver has taught the fundamental precepts of project management to over 3,500 PM's and is considered by many to be the father of the Project Management Methodology *pm2*. He has over thirty years experience in designing, developing and implementing project management systems. He has lectured throughout the U.S. and in Europe to Project Management Professional Services Managers from around the world on the methods of implementing successful project management systems.

He is currently President of Victoria Weaver Management Group (VWMG), a women owned, small business. Since 1992, VWMG has provided World Class project management support services to some of this country's most complex projects. Projects like;

- NASA's Space Station Integration
- Nasdaq's Modernization Initiative
- MCI's Financial Systems Y2K Project
- IRS's Modernization Project

Prior to VWMG, George worked at Metier Management Systems as an Artemis Principal Consultant.
